Shopping Mall of Eternity - Games/Adventure... Your kingdom needs you. The evil forces have attacked the city and taken over. Only a brave hero can save the city. Let's join him and help to defeat the invaders. To do this, you must join the army in the city. You have no other choice. You have to equip yourself and go to battle. The market is the best place for you to choose equipment and learn new skills. This hero is going to be the master of all crafts. He will also fight at the city gates. He must be equipped with a weapon and combat outfit. He also needs a suit of armor to protect his body and a helmet to prevent him from being blinded in the fight.... 5. Defense of Human Heaven - Games/Arcade... The enemy has taken over Human Heaven and is preparing a battle with the Gods

The Time Machine

The Time Machine is a fully functional, professional looking application which covers all the areas that you would like to have covered in a clock. It has lots of clocks, with their appearance, color and skins being configurable. The Time Machine has multiple features to help you track down your lost time, this includes searching time zones by country name or time zone name and searching through the list of time zones. The time zones can also be set in days, so you can search for a particular day and set it as the time zone. You can sync your time with time zones of the world, you can be up to 10 or 20 time zones at one time. You can also keep a diary. The Time Machine has a free diary, that you can access through its functions menu or you can create a new diary by setting it as the default. You can set up your own themes and set them as the default theme. The Time Machine organizes your notes. It creates sections for each category that you specify, and it makes them accessible by using the labels or you can use the colors. The notes can be sorted and the file can be appended to. You can create your own set of labels and set up a separate section for it. You can also put the notes in the diary. The Time Machine can be set to repeat on the time interval that you specify, you can choose to have the time machine be either set on every day, every week, or every month. The Time Machine has an alarm clock. It can be set to be on a certain day or hour and it can be set to go off once or after a set interval. There are different kinds of alarms. You can choose to have the alarm go off at sunrise, or sunset. Or you can have it go off at a particular time in a given day or month. Or the alarm can be set to go off at a certain hour. You can specify if it should be a siren or not. There are even separate alarms for each day of the week. The alarm clock has a snooze function. You can have the alarm clock go off for only a specified time or for a specified number of time units. There are different kinds of snoozes. You can set a snooze for either an hour, a day, a week or a month. When the time machine is set on a given day, you can 1d6a3396d6
