Game of the collection of groups, lines and rows of 3 or more identical chips - is a quite simple game, but the game mechanics are kept close to the mechanics of play - roll of 3 identical chips. The game is a fascinating journey and mysteries of a single player, a large interactive game. The real adventure and combat in the world of heroes of dungeon! Heroes of Dungeon offers a huge variety of adventures, events and conditions. Game Play Attack enemy and hit it The enemy always recovers after each hit and the hits. If you hit 3 times with the same kind of tile, your score is doubled. After that, the enemy will begin to target you again. Play cards, bombs and spells Collect 3 tiles. This will turn all other cards of the same type into the same color. Attack You have to attack the 4 specific tiles from the enemy, and him to target them - every hit is worth 3 points. The enemy can recover only 3 times, after which he will return to the status of normal. Attack Three tiles The attack target 3 specific tiles of the same kind of card or bomb. You have to target 3 different enemies and hit them three times. Hit three identical tiles After you attack an enemy, the four tiles are on the table. It is necessary to select one of the four tiles. Three identical Tiles If you make a set of three chips of the same type, the game will be doubled, a set of four - triple, and sets of five and six - - will make you a hundred, which is quite a nice bonus. Spend Gold When you can spend Gold - you can play special tiles. The chance of rolling some combination is 1 in 25. It can be used for several tiles of all types of cards, bombs or spells, but you cannot know in advance. About the Author My name is Grigory Azov, I am the author of a game on Android. Her name Heroes of Dungeon. Heroes of Dungeon have this game is based on the mechanics of the puzzle genre "collection of three or more". The essence of the puzzle genre "collection of three" is reduced to the mechanism of making groups, lines and rows of 3 or more identical. Heroes of Dungeon - This is the case when a seemingly ordinary puzzle challenges the player and he understands that only on his attentiveness and reaction depends on the victory. You

Echo of Starsong is an easy to pick up and deep to play music-driven game about a troubled girl's life after a tragic accident. Inspired by real life events, Echo of Starsong is a story where you play a young girl with a complex past looking for the answers to her questions about life after the loss of those she loves. You will meet new friends and complete side quests all whilst listening to all the beautifully-written music from OOPUS. Story Vasily is a cheerful 18-year old girl. She is young, smart and talented. Until a tragic accident happens in her life. She has witnessed a street crime she didn't understand, and is taken into custody. Alone and traumatized, Vasily wants to do something about her situation. After being left alone in a room and listened to a story about a young girl called Star coming to the shelter, Vasily finds herself at the shelter. She begins to participate in activities there and to create her own story...

Features

- Beautiful ambient music with "Nothing Missing" track is newly released in this collection
- Tracks in this collection were created specifically for this game using the same track engine Triodust uses for OOPUS
- All 32 tracks are carefully written, performed, produced and mixed by Triodust, who also handles all the music aspects in this game. You can find his other popular games like Wild Woods and SpellBook on App Store.
- 21 tracks are available in MP3 format and 11 tracks are available in WAV format.
- This release is available both as High Quality (HQ) and Low Quality (LQ) version with a difference in quality and bitrate of 4Mb. The HQ version of this release is twice as big and offers higher sound quality. The LQ version is smaller, but sounds a bit better than the HQ version.
- All songs are available in a zip archive and are playable right after installation.

Editing

- It is possible to change all of the elements in the songs (Lyrics, Music, Vocals and Instruments) easily with the built-in Editor.
- All samples are protected using a professional 64bit watermark with fade-in and fade-out, so you can protect your samples with no visible signs of editing even after long periods of time.
- Due to the stability issues caused by the flash player in windows computers, there is no in-game editor for WAV files. Please remove the c9d1549cdd

Who doesn't like a good scare? A little light spooking in darker moments is a perfectly good thing. Sure, some people are more sensitive than others and some folks would never even notice you were creeping around, but many folks enjoy getting a little sweaty when you're just getting started on a trip back in time, or when the wind starts to pick up. Even if you're not alone, doesn't it feel great to meet up with someone in the break of dark? Calling yourself a "Haunted Attraction" in a headline is really only the beginning. \$12.50 SKU: B1249E58
