Pradeep Gupta has his eyes set on Harvard Business School New Delhi/Mumbai: As head of Infosys, Pradeep Gupta is the consummate student of Harvard Business School—not just because he has gone through the prestigious institution’s management school in person, but also because of the university’s programme to develop the graduates of the institute as leaders in the corporate world. According to people familiar with the matter, Gupta has given a lot of thought to what it would take to be accepted into the HBS’ Institute for Professional Development, under which the brightest students can go on to complete a Master of Business Administration degree and then be groomed to handle all the nuts and bolts that go into turning an organisation into a best-in-class business. They say the Indian-origin Infosys chairman has come up with a brilliant idea of how

What's new:

It had been a long day of fighting but Blood Rain has ended, leaving a final challenge before the Grand Final of Tekken 7's DLC4: Anna Williams begins. Will Anna or Paul defeat The King of Iron Fist to become the winner of the post-end card challenge? Â Rumble is

coming! Anna's new hazy and brightly colored SNK style character, the warrior Yukimura Sanada, is making her way to the Battle of Sakimori! In order to enter the Hall of Legendary Fighters and become the next DLC4 match, Anna must navigate through a life-size version of the famous Senō Kokuhō that dominates the hall. Will Anna find the eight ancient Korok seeds that will grant her a double teleporisory license that will let her fight at a distance? Anna and Paul face off in one of their new special online boss matches! Both Anna and Paul use their own version of Tekken 2's Heihachi Mishima and special attacks from the special animations of the roster. This week's Top Players. Akuma puts his fighting skills on the line in an intense 1 vs. 1 thriller against new challenger Tsubasa. This week's highest-placing Blood Rain player. The King of Iron Fist is taking on a classically evil foe in the form of the malevolent snow queen goddess of vengeance, Nyx. This week's most decorated Tekken 7 newcomer. The Norse guardian of the land of the dead is back to haunt our fighters and we finally see his otherworldly moves as her parade of translucent attacks are unleashed upon him! When the countdown to the next Tekken 7 DLC champion begins, it will begin on our Tekken World Tour UK page. U.K. Weekly Tekken League Pit Fighter Anya still stands tall at the top of the tag chart and has an impressive 3 wins to his name already. Anya's new character DW Amitie is making his presence felt on the top of the rankings. His fighting style is a mix of raw power and economy. As he fights he can spend valuable energy bars on special moves with more health than normal but buying it comes at a high cost. As he needs energy in combat, durability is very limited. If he's in trouble, he's going to have to confront his health problems head on, as this new character has no health regeneration

abilities. Just be careful with the auto-heal
