//TOP\\ Download Extreme PBR 2.0 Addon For Blender 2.8 GET INTO PC

Extreme PBR Nexus A very powerful addon for creating and managing almost 2000 . You can go from plain paint to metallic paint complemented by metallic. In addition, you can turn everything into bronze or copper. How does this addon work? It creates and applies new drawing fluids that have the same properties as the Nexus fluids, but with improved effects. You no longer have to choose drawing fluids or create them from scratch. This base already offers several basic drawing fluids. Also, you can create your own. You can choose between two paint fluids or three paint fluids.
