
Glu3d 3ds Max 2011 Download _HOT_

May 29, 2014 - In this video, I talk about using the glu3d GPU inside 3dsmax 2014, and managed to simulate 6.2 million particles using the glu3d GPU. This is my first time using a GPU for 3ds max and I'm very pleased with the results. Do not forget that the GPU in 3ds max is not always used for full immersion. If you want to see the whole particle creation process using the glu3d GPU, you'd better go to my YouTube channel and watch the video.

This is just my first attempt, but I hope it helps you. Link to my YouTube channel: <https://www.youtube.com/channel/UCkGwQBvjvLJmQqQ5Xw2fOA> Website: <http://3dsmax-pro.ru>

Glu3d 3ds Max 2011 Download
