
Supraland Update V1 7 7-PLAZA ~UPD~

Fantasy-futuristic landscapes, electric cars, flying, dueling, dragons.. Supraland is a dreamland filled with a realistic cast of characters and an alternate history that has been repressed. Furthermore, you play it with a mouse, a classic controller, or even a virtual keyboard. How many times have you been playing a game and it felt like everything would go wrong? And then it went down without fail? Supraland thinks it could be one of the worst experiences you can have, but it has a way out: you are rewarded for all those games where everything went wrong. And sometimes the real hero is you. You did it.. did you supraland is a first person metroidvania puzzle game. each floor is procedurally generated, which means it starts off empty and then starts to fill up with new rooms and doors. all items are randomized, so solutions to a given room may change every time you play it. when you have the key to the room, you get to the room door. all doors have a fixed threshold, so finding the correct door becomes a game of accuracy as you judge the opening of the door based on the given threshold. the game is known for its plentiful secrets. supraland is a first-person metroidvania puzzle game. the main sources of inspiration are zelda, metroid and portal. the game assumes that you are intelligent and lets you play independently. the story is minimal, gives you an overarching goal to pursue, and then sets you free. despite child friendly visuals, the game targets experienced players. playtime: ~12-25h

Supraland Update V1 7 7-PLAZA

i love supraland. i love the way its so simple to play, yet so difficult to beat. i love the fact that you can play it for hours and hours and never know where the end will be, the fact that there are so many secrets, the fact that you have so many new things to discover. when i first got the game, i thought: "this is a game for everyone, because everyone is different." 9/10 gamespace supraland is a game of exploration and discovery. it is beautiful, fun to play and challenging. it is a game that i could spend hours and hours playing with my wife, and i could see us getting into a great groove of playing it and then we would both remember and wonder where we had seen something before and go out on a hunt. it is a game with no goal or purpose, other than to be, to enjoy and to be had. 10/10 winrar in its purest form supraland is a fantastic game. it is not easy to pick it apart and go through the different parts, but when you go through, you will see that its special. you will see that the game is truly special. even though it is just a game, it is such a special game, that it makes you feel a bit melancholy, as if you are missing out on something great. 10/10 gamesparks most of the game is about exploring the sandbox world to track down secrets. often you will think you are about to get out of bounds and beat the level designer, but right there is a chest waiting for you with a very rewarding upgrade. supraland respects your lifetime and doesnt bloat the playtime with unlimited no-brainer collectibles. the game also benefits from a new graphics engine called kitsune that supraland has been testing for the past few months. supraland is running on a playstation 5, and it has built a lot of improvements in the game engine. 5ec8ef588b
